

PAUL DEVANNEY

Full Stack Web Developer

☎ +447787972227 @ pauldevanney92@gmail.com 🔗 linkedin.com/in/devanney-paul 📍 Bradford

SUMMARY

Junior Full-Stack Developer. Recently Graduated from Le Wagon's Web Development Bootcamp. Worked on a group project building a 'Stoic' Journaling/Task Management app which is a combination of a Bullet Journal and Stoic techniques/exercises to allow the user to both plan/organise their day and enhance personal growth.

SKILLS

Ruby	Rails	Stimulus JS	HTML	CSS	SASS
Bootstrap	Heroku	Git	Github	Figma	
JavaScript	jQuery	PHP	Symfony	Postgresql	
SQL	MySQL	Java			

PROJECTS

The Stoic Journal

📅 10/2024 - 11/2024 📍 UK

A journaling app that combines Stoic Philosophical exercises with Bullet Journaling techniques allowing the user to add structure and meaning to their daily lives.

Tech Stack:

- Ruby on Rails
- JavaScript (Stimulus, jQuery)
- HTML
- CSS
- SASS

Three Mobile online affiliates web platform

📅 01/2011 - 01/2012 📍 Brough, East Yorkshire

Developed a web platform for Three Mobile online affiliates. Developed a variety of tools to help affiliates promote Three products more effectively. Included tools/apps: the DealGenerator, a dynamic JavaScript-powered carousel of all Three products using XSS/JSONP. The DeepLinkGenerator for linking to product landing pages on the Three website. And the Email Creator.

Tech Stack:

- PHP (Symfony),
- MySQL,
- JavaScript (jQuery),
- HTML
- CSS
